## **TM SERIES**

### TRAILER MOUNTED MOBILE GENERATORS

The TM Series is a line of mobile generators by Taylor Power Systems are diverse in functionality and reliable in performance. These trailer mounted generators are utilized by equipment rental companies, municipalities, first responders, construction companies, telecommunications and essentially any business that needs immediate transportable power.

#### **Well Equipped**

These units include a **multi-voltage selector switch**, **female color-coded camlocks**, **busbar output connections**, **tandem axle trailer** with a dual containment fuel cell, and a sound attenuated, powder-coated enclosure, which is suitable for any type of environment.

#### **Easy Mobile Delivery**

All of our TM Series generators are trailer mounted for ease of towing and transporting... **No need for a crane.** 

#### **Numerous Size Units Available**

Starting at 25kW, we offer a **variety of solutions to meet any demand** you may have. Ask any of our representatives for help in sizing a TM Series generator to meet your specific job or application.
